CF DAV PUBLIC SCHOOL, GADEPAN
SUMMER HOLIDAY HOMEWORK
CLASS: V
Session: 2025-26

"We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet"

-Swami Vivekananda

Dear parents

Greetings!

As the school closes for the Summer Break we have planned some activities for the children to enhance their learning skills in a fun-filled way. To encourage the child's self- esteem and feelings of competence, help him /her discover his/her hidden talents and interests. Keeping the same objective in mind we have some Holiday Assignments for our children which will enable them to explore themselves.

Originality of projects will be appreciated. Also**, encourage the children to use desktops/laptops instead of mobile phones for study purposes.**
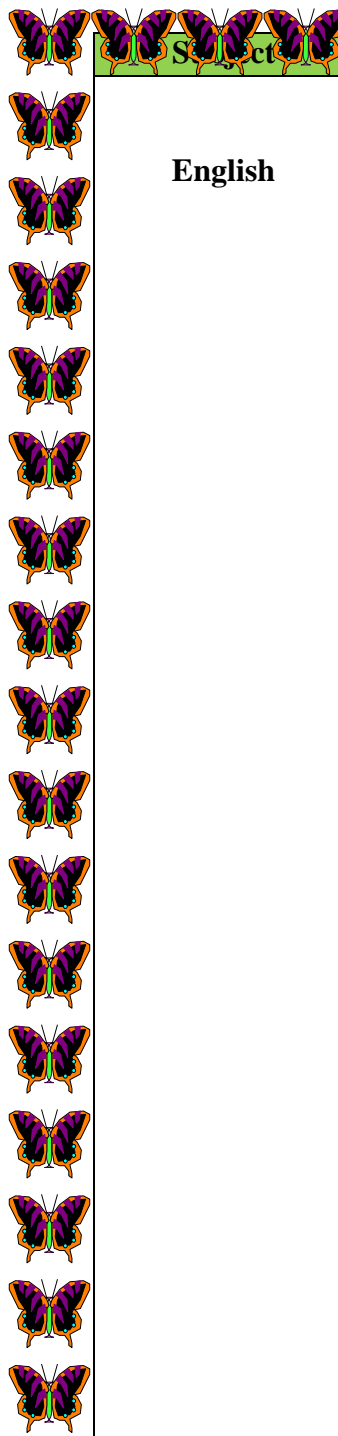

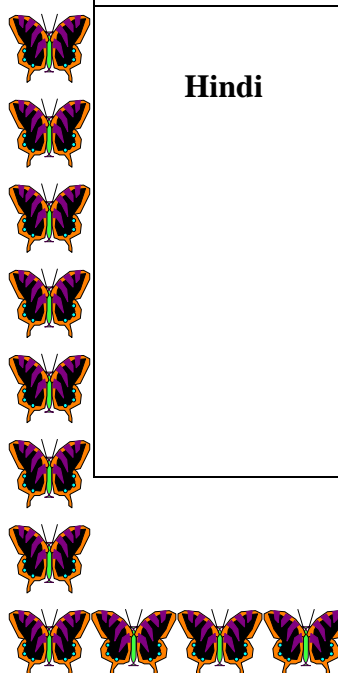

The assignments are planned as under:

1. Teachers have designed some fun-filled activities for the children so that you can spend some quality time together.

2. The homework/projects assigned will help children enhance their creative skills, where they collect pictures and present information in the form of models, charts, computer documents and scrap files.

3. The assignments will help the child build fluency and develop comprehension skill.

4. These projects will make the child inquisitive towards the given topics and will make him/her net friendly.

5. Kindly ensure revision of the entire syllabus done till date in class.

6. For handwriting, use a single lined notebook and divide it into half. First half do English and the second half Hindi.

With Best Wishes!

CFDAV

"The process is more important than the outcome." So, enjoy the stages in between while accomplishing them.
