CBSE Class 10 Students Set a New Benchmark!

Committed to sustaining exceptional performance...

Editorial

As the monsoon clouds roll in and the first drops of rain kiss the earth, we are reminded of the beauty and rejuvenation that the rainy season brings. The once parched ground transforms into a vibrant tapestry of greens, and the air is filled with the refreshing scent of wet soil. It's a time when nature teaches us about resilience and renewal.

Just as the rain nourishes the land, this season can nourish our spirits and minds. For students, the rainy season is a perfect metaphor for growth and perseverance. Challenges, much like storms, can seem overwhelming, but they are often followed by periods of immense growth and opportunity.

Let us embrace this season with the same enthusiasm we have for learning. Let the rain inspire us to wash away our doubts and fears, and to nurture our dreams and aspirations. Whether you're tackling a tough subject or pursuing a new hobby, remember that persistence pays off. Just as plants push through the soil to reach the sunlight, we too can overcome obstacles and achieve our goals.

So, as you listen to the soothing sound of rain, take a moment to reflect on your journey. Let the beauty of the rainy season remind you that after every storm, there's a chance to bloom anew.

Dear readers, Greetings!

Welcome to the new session 2024-25! It is amazing how time flies. In the month of March, we were reaching the culmination of an academic year and in April, the same culmination gave rise to a new beginning. It is intriguing the way students grow up within this short span of time. Every new session sees new challenges and new experiences, new explorations and new learnings.

The starting point of this session bore good news for the Class tenths. In CBSE 2023-24 examination, seven girls topped the school by ranking in above 90s. We achieved 100% result, enhancing our QPI (Qualitative Performance Index) even further. This edition is dedicated to our trailblazers.

Excellence Unleashed

Unprecedented CBSE Class 10 Results at CF DAV

Since the inception of CBSE Class 10 Board Examinations, our school has consistently set a benchmark of excellence by achieving a 100% pass rate. This year, however, marks a special milestone as our students, particularly the girls, have not only maintained this tradition but have also excelled beyond expectations, setting new records in academic achievement.

From a total of 33 students, an impressive 7 girls have secured remarkable scores above 90%. Among them, the highest scorer achieved an outstanding 94%. These results are a testament to the rigorous academic standards upheld by our school and the relentless dedication of our students and teachers alike.

The journey to these exceptional results has been characterized by hard work, perseverance, and unwavering support from our educators. Our teachers have gone above and beyond their call of duty, providing personalized guidance and encouragement to each student, ensuring they reach their full potential.

The achievement of our girls is particularly noteworthy

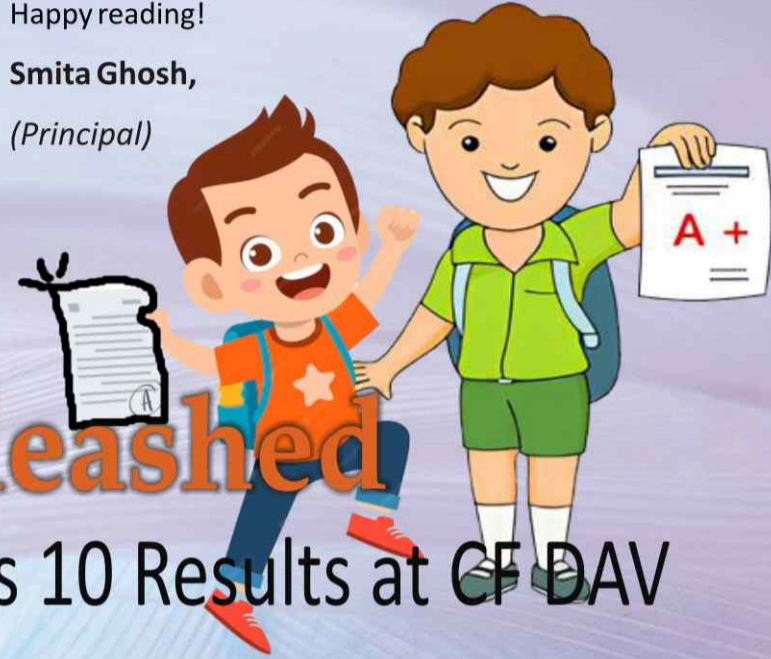

FROM THE PRINCIPAL

Every session is committed to some innovation and creativity. We are scheduled with School Exhibition this July for Classes I-X. Our planning and efforts are in full swing and our aim is to showcase the holistic development of each one of our students.

Happy reading!

Smita Ghosh,

(Principal)

in promoting gender equality and empowerment. It reflects our school's commitment to fostering an environment where every student, regardless of gender, can thrive and excel in their chosen endeavors.

Beyond academic excellence, our school emphasizes holistic development, nurturing not only the intellect but also the character and values of our students. This balanced approach has undoubtedly contributed to the well-rounded success of our students in both academic and personal spheres.

As we celebrate these achievements, we also recognize the pivotal role played by parental support and the broader school community. The collective effort of parents, teachers, and students has undoubtedly been instrumental in shaping this year's outstanding results.

These achievements serve as a source of inspiration for future batches of students, motivating them to strive for excellence and uphold the proud legacy of our school. They reinforce our belief that with determination, hard work, and a supportive environment, every student can achieve their dreams and contribute meaningfully to society.

The Interesting Genre of Detective and Mystery Stories

Detective and mystery stories are loved by one and all. The hair-raising adventure, the nail-biting suspense and the blood curdling thrill enhances the fascination of these stories. The situation is such forceful that many times it becomes impossible to put the book down before you reach the end, and the mystery gets solved.

The credit for the first detective story goes to "The Murders in the Rue Morgue" by Edgar Allan Poe, published in April 1841. The profession of detective had come into being only a few decades earlier, and Poe is generally thought to have been influenced by the Mémoires of François-Eugène Vidocq, who in 1817 founded the world's first detective bureau, in Paris.

The greatest of all fictional detectives, Sherlock Holmes, along with his loyal, somewhat obtuse companion Dr. Watson, made his first appearance in Arthur Conan Doyle's novel A Study in Scarlet (1887) and continued into the 20th century in such collections of stories as The Memoirs of Sherlock Holmes (1894) and the longer Hound of the Baskervilles (1902).

In an age when the children are addicted to devices such as mobiles and play stations, which can cause severe health issues like weak eyesight, mental and emotional disorder, attention deficit issues, etc. parents should make them in a habit of reading books of their interest.

We are sharing a list of authors and some of their works that are goodread for students. The list is in increasing sequence of age, the first one being the most suitable for 6-8 year olds.

- *Herge: The Adventures of Tintin*
 - *Enid Blyton: Secret Seven series, Malory Towers series, The Famous Five series*
 - *Franklin W. Dixon (Edward Stratemeyer): The Hardy Boys series*
 - *Carolyn Keene: The Nancy Drew series*
 - *Satyajit Ray: Feluda series*
 - *Robert Author Junior: The Three Investigators series*
 - *Arthur Conan Doyle: A Study in Scarlet, The Adventures of Sherlock Holmes, The Hound of the Baskervilles*
 - *Agatha Christie: And Then They Were None, Murder on The Orient Express, The Adventure of the Christmas Pudding, The Murder at the Vicarage, Hickory Dickory Dock*
 - *Ian Fleming: James Bond series*
 - *Edgar Allen Poe: Thou art the Man, The Black Cat, The Gold-Bug, The Murders in the Rue Morgue, The Mystery of Marie Roget, The Purloined Letter.*

PRE-PRIMARY

On the first day of school, our nursery children embarked on a journey filled with wonder and excitement. They started their day with a traditional Hawan ceremony, symbolizing unity and blessings for the year ahead. From engaging in fingerprinting and collage making activities to

celebrating Yoga Day with adorable enthusiasm, every moment was filled with joy and learning. Together with their senior peers from LKG and UKG, they embraced this new chapter with eagerness, creating memories that will last a lifetime. Here's to a year of growth, exploration, and joyful discoveries!
